FROM MEXICO.

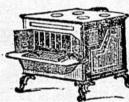

Matamoras advices of the 18th instant say numerous troops and artillery trains continue to arrive at Brownsville. The troops are almost exclusively negroes. Estafelle, the French organ, declares but two courses open: that France should assume the protectorate of Mexico, as it admits it is an entire failure, and declares it must become one of the French provinces, or the country must be absorbed by the United States, as Mexican independence, it says, is impossible. The usual fighting continues, resulting in frequent Imperial disas ters. The recall of the Papal Nuncio by the Pope caused a great sensation among the clergymen, who are also openly opposed to the Emperor. Maximilian has sent General Almoligen as minister to Washington, and hopes to secure recognition. A threatening article appeared in the French papers on the demonstration they say that General Sheridan is making on the Northern frontier.

General Grant, while standing on the rear platform of a car at Elgin, Ill., en route for Galena, the other day, had his hand shaken violently by a person in the garb of a husbandman, nearly throwing him from the platform. Colonel Babcock, who was standing on the lower step to protect the General from such brutal treatment, struck the man's arm with his heavy cane, and, seizing him by the throat, disengaged his frightful grip. The General was excited, and his hand showed traces of the vice-like grip of the farmer.

The arrivals by River and Rail are increasing, Corn is very active with an upward tendency. Sales of White at 105; Yellow 100. Rye and Oats are unchanged since our quotations of Wednesday. Wheat has ruled firm during the week, and prices have been fully sustained .-Corn has been in fair demand, and prices have

CATTLE MARKET.—We find the following in the account of the Baltimore Cattle Market yesterday: "The Cattle purchased for the Washington market are generally of the best kind, and the fairest prices are paid; this is accounted for by the fact that all the inferior Cattle are purchased in or around Washington, or on the Virginia side of the Potomac by

those butchers dealing in such qualities, while those who produce the best meats always obtain their Cattle at the Baltimore market, at the highest figures. The lower grades of Cattle sold as low as \$5, while the higher grades brought \$7 50 per 100 lbs; the latter figure being somewhat lower than last week. No change in the prices of Sheep and Hogs.

GEORGETOWN MARKET.—The canal is again in good boating order; the fleet of boats from above already reported, have not yet reached here. The arrivals of grain are quite light, and prices remain very firm at last quotations. The stock of flour on hand remains quite light, and quotations are unchanged .-The demand from dealers is active.
